HVAC Project Complete!

As reported in an earlier update one of the two large HVAC systems that heats/cools the Church stopped working. It was determined that it was too old and costly to repair. Estimates to replace the unit were over \$18,000. Unfortunately, we had to replace all of the duct work connecting the system which added \$5800 to the cost of the project. We were given a Home Mission Grant for \$10,000 and are working to cover the rest of the costs through our general fund.

The good news is that the project is now complete and the new unit is installed and working! Imagine when we all get back into St. Mary's how great it will be in the church.

We would like to sincerely thank the Infrastructure Crew for their work to get this project completed. It meant meeting the company doing the work at the church, solving issues as they came up and keeping the project on track.

Magnificat Available

During this challenging time, when we are unable to attend Mass. Magnificat is honored to provide complimentary access to our [Online Version](#) to help people pray from home and following along when we are Live Streaming from St. Mary.

If you know of someone in the Parish that hasn't subscribed to Flocknote let them know they can sign up via our [Website!](#)

As always, prayer is an important way Catholics can respond to any crisis as we express our dependence on God. We continue to stand in solidarity with all those affected by the disease as well as those health care professionals who care for them. We ask parishioners to keep these people in mind while we pray, especially as we continue our Lenten journey.

God Bless!
